

CAPITAL CAMPAIGN

NAMING OPPORTUNITIES

Winter 2022

(As of February 16, 2022)

Lunch Break is pleased to offer generous donors a limited menu of opportunities for public recognition. Individuals, companies, businesses, financial institutions and foundations who wish to support the Campaign can now permanently demonstrate their support by having their name attached to a designated space on the Lunch Break site. Naming opportunities will be offered to donors at the \$25,000 level and above.

Donors are motivated for a variety of reasons to take advantage of these naming opportunities. Some wish to honor a loved one. Others wish to link their own name or family name. If you choose to name a space, your name will be displayed in an aesthetically appropriate manner in a suitable public area.

We invite you to establish a long-term connection with Lunch Break through one of the following commemorative opportunities.

Note: These opportunities are subject to change. Additional opportunities may also be identified and added through the course of the Campaign.
